Clinical Medical Assisting

Available for Adults & Private Students

Blended Online Instruction
Immunization Requirement
Dress Code Requirement

Prepare for a career as a Clinical Medical Assistant in an office, clinic, or health care center. Learn and demonstrate in-demand skills needed to progress to a clinical setting including, vital signs, preparing patients for examinations, collecting specimens, performing diagnostic tests, venipuncture, administration of medication including injections, and pharmacology and electrocardiograms. Additional instruction includes, ethics and liability, therapeutic communication skills, universal precautions, CPR and first aid for Health Care Providers, medical terminology, as well as anatomy and physiology.

Health Careers

Blended Online Instruction
Immunization Requirement
Dress Code Requirement

In-depth, hands-on instruction in applied anatomy and physiology, disease processes, terminology, standards and ethics, patient care and practices, procedures, vital signs, and CPR for Health Care Providers. Internship opportunities offer cross-training in a wide variety of areas of the hospital and convalescent hospitals, emergency facilities, and outpatient medical settings.

Integrated Animal Science

Blended Online Instruction
Dress Code Requirement

Experience the clinical setting of small and large animal health care, through the study of common diseases, veterinary and diagnostic laboratory procedures, anatomy and physiology, medical and animal terminology, handling and restraint techniques, and client relations and office procedures. Internship opportunities may include veterinary clinics, horse ranches, zoos, and exotic animal facilities. Clinical experience at internships may count towards meeting the prerequisite for admission to Veterinary Technician programs and Schools of Veterinary Medicine.

Dental Careers

Available for Adults & Private Students

Blended Online Instruction
Immunization Requirement
Dress Code Requirement

Experience careers in the dental field with a hands-on study of dental office practices. Learn about industry standards and ethics. Training in dental terminology, anatomy, physiology, disease process, and dental asepsis. Develop in-demand skills in sterilization, 4-6 handed dental assisting, patient care, and front-office techniques. Internships may be located in dental offices/clinics or dental labs.

Fire Science Careers

Blended Online Instruction
Dress Code Requirement

Train for the physically and mentally demanding career of a firefighter, with instruction in fire behavior and extinguishment theory, wild land fire operations, fire protection and safety, and first responder operations. Learn and practice skills used by firefighters such as emergency medical aide, CPR and first aid, and use and maintenance of equipment (hoses and appliances, ground ladders, ropes). Internships will be in local fire stations or at Cal Fire.

Other Courses may be available for students at specific school districts.

Many courses require attendance at student parent spring orientation and immunization documentation.
