# IMMUNIZATION INFORMATION

---

**Students are required to provide official documentation verifying proof of immunity by the first day of the course.** Specific immunity requirements for each course are listed below.

Students are responsible for any costs related to obtaining official documentation including but not limited to vaccinations, titers, and x-rays.

**Jobsite agreements may prohibit placement of students who choose not to provide documented proof of immunization for any reason** including medical, personal, or philosophical, which may result in student dismissal from the program.
