April 4, 2019

To Our Community Partners, Parents and Students:

Recently, our talented and dedicated Fire Science Careers instructor informed us that he will not be returning for next school year. After a thoughtful review of the limited support resources available next year as well as the instability of future CTE funding, PCOE administration has made the difficult decision to close the Fire Science program at the end of the 2018-2019 school year.

We appreciate the many years of support and advocacy from our business partners. Their passion and dedication has helped thousands of students explore careers and find success. PCOE is actively working with partners throughout the greater Sacramento area to explore possibilities for transitioning these programs to other educational organizations.

On behalf of our instructional faculty, support staff, current and past students, and all of our partners... THANK YOU.

Justin Locketz
CTEWORKS Principal
